### **DIAGNOS retains Paradox Public Relations Inc.**

Brossard, Quebec, Canada – August 10, 2006 – Following the press release of July 19, 2006 in which DIAGNOS inc. ("DIAGNOS" or the "Company") (VENTURE TSX: ADK), a leader in knowledge extraction and artificial intelligence, announced that it has retained the services of Paradox Public Relations Inc. to handle its investor relations activities, here are some additional information regarding the service contract.

On June 13, 2006, subject to regulatory approvals, 400,000 options has been granted to Paradox. The options have an exercise price of \$0.25 and a five-year term.

#### About DIAGNOS

DIAGNOS inc. develops and markets data mining software. The Company designed and developed MCubiX, a data mining software suite capable of extracting knowledge from historical data - in the form of images, text or traditional databases - and making predictions that improve business processes and decision making ability. CARDS (*Computer Aided Resource Detection Software*) can be applied to several sectors of prospecting, such as diamond, gold, zinc, copper and the oil and gas, and each one of these resources require a distinct methodology endorsed by the application. For further information, please visit our Website at [www.diagnos.ca](http://www.diagnos.ca).

The Company's objective is to develop a royalty stream by significantly enhancing and participating in the exploration success rate of mining and oil and gas companies.

The TSX Venture Exchange has not reviewed and does not accept responsibility for the adequacy or accuracy of this release.
