## DIAGNOS Announces Private Placement

Brossard, Quebec, Canada – April 13<sup>th</sup>, 2017 - Diagnos Inc. (“DIAGNOS” or “the Corporation”) (TSX Venture: ADK), a leader in early detection of critical health issues through the use of Artificial Intelligence, announces a private placement (“Private Placement”) of up to 330 units (each a “Unit”) for an aggregate value of up to \$3,300,000.

Each Unit consists of:

- One Secured Convertible and Redeemable Debenture (each a “Debenture”), \$10,000 principal amount, 3-Year Term, 10% Annual Interest, and
- 20,000 Stock Warrants (each a “Warrant”) entitling the holder to purchase one Common Share (“Share”) of the Corporation per Warrant at a price of \$0.22 per Share for a period of 18 months from the date of issuance.

At the sole option of the holder of the Debentures, the principal amount of the Debentures may be converted at any time during the 3-year term, in whole or in part, into Shares of the Corporation at a price of \$0.15 per Share. Any accrued interest on the principal, at time of conversion by the holder, is immediately payable in cash.

If, at any time after the first anniversary of the Debenture and until maturity, the volume weighted average price of the Shares on the TSX Venture Exchange is equal to or higher than \$0.27 for 20 consecutive trading days, the Debentures shall be redeemable, in whole or in part, at the sole option of the Corporation, into Shares of the Corporation at a price of \$0.15 per Share. Any accrued interest on the principal, at time of redemption, will be immediately payable in cash.

At the sole option of the Corporation, at any time after the first anniversary of the Debenture and until maturity, it may repay all or part of the outstanding Debentures by making a cash payment equal to the principal amount of the Debentures plus a premium of 25% of the principal amount owing. Any accrued interest on the principal, at time of early repayment, will be immediately payable in cash.

As of today, the Corporation has received cash proceeds of \$100,000 and commitments for \$1,230,000. Final closing of the Private Placement is expected to occur on, or before, April 28<sup>th</sup>, 2017. The proceeds will be used to develop new geographical markets and to fund operating and product development expenses.

The Corporation has retained the services of Echelon Wealth Partners, Industrial Alliance Securities and Leede Jones Gable, to act as referral agents (each a “Finder”) in connection with the Private Placement. As per the terms of the engagement agreements, the Finders are entitled to a cash commission of 7% calculated on gross proceeds attributable to each of them.

The Debentures are sold in Canada on a prospectus-exempt basis and the common shares underlying the Debentures and Warrants are subject to a statutory four-month hold period.

This Private Placement is subject to receipt of all required regulatory approvals, including the approval of the TSX Venture Exchange, as well as the execution of formal documentation.

All monies quoted in this press release shall be stated and paid in lawful money of Canada.

#### About DIAGNOS

Founded in 1998, DIAGNOS is a publicly traded Canadian corporation with a mission of early detection of critical health issues through the use of its Artificial Intelligence (“AI”) tool CARA (Computer Assisted Retina Analysis). CARA is a tele-ophthalmology platform that integrates with existing equipment (hardware and software) and processes at the point of care (POC). CARA’s Artificial Intelligence image enhancement algorithms make standard retinal images sharper, clearer, and easier to read. CARA is accessible securely over the internet, and is compatible with all recognized image formats and brands of fundus cameras, and is EMR compatible. CARA is a cost-effective tool for screening large numbers of patients, in real-time and has been approved by regulatory authorities including Health Canada, US Food and Drug Administration, the European Union and in Mexico.
