DIAGNOS - Update on service contract for summer 2008

Brossard, Quebec, Canada – May 27, 2008 - DIAGNOS inc. (“DIAGNOS” or the “Corporation”) (VENTURE TSX: ADK), a leader in the use of artificial intelligence (“AI”) and advanced knowledge extraction techniques, presents today an update on service contract for its Natural Resources Division. DIAGNOS teams are now busy on five (5) exploration programs for contracts in the provinces of Québec and Ontario. **The revenues for this division for the next three (3) months will be of \$858,500 for the field work.**

The Natural Resources Division anticipates a substantial increase in its field work contracts over the next quarter.

DIAGNOS can count on a multidisciplinary team that includes professionals in geophysics, geology, Artificial Intelligence, mathematics, as well as remote sensing and image interpretation. The Corporation’s objective is to develop a royalty stream by significantly enhancing and participating in the exploration success rate of mining and oil and gas companies.
