VENTURE TSX TICKER: ADK

### **DIAGNOS reports record revenue for its third quarter**

Brossard, Quebec, Canada – March 4, 2008 - DIAGNOS inc. ("DIAGNOS" or the "Corporation") (VENTURE TSX: ADK), a leader in the use of artificial intelligence ("AI") and advanced knowledge extraction techniques, announced last February 28, the financial results of its third quarter of fiscal year 2008.

During the third quarter ended December 31, 2007, DIAGNOS reported record revenue of \$839,278, an increase of 721% compared to the third quarter of the fiscal year 2007. Furthermore, the Corporation reported a profit of \$128,724 representing the second profitable quarter in a row compared to a loss of \$257,286 for the third quarter of the fiscal year 2007.

#### Third Quarter Highlights

- 10 new contracts for CARDS (Computer Aided Resources Detection System) services
- Revenue growth of 721%
- 3 contracts larger than \$200,000
- Strong momentum with major partners throughout Canada and the USA

"We are pleased with the results of the third quarter," said André Larente, President and CEO of DIAGNOS. "The strong financial and operational performance demonstrates solid execution on all fronts. Our business strategy is focused, clear and consistent. Our strategy is strong, beginning with the unmatched quality of our team and customer base."
