VENTURE TSX TICKER: ADK

DIAGNOS retains Renmark Financial Communications Inc.

Brossard, Quebec, Canada – June 15, 2005 - DIAGNOS inc. ("DIAGNOS" or the "Company") (VENTURE TSX: ADK), a leader in knowledge extraction and artificial intelligence, announced today that it has retained the services of Renmark Financial Communications Inc. to handle its investor relations activities.

"We are pleased to announce that we have selected Renmark to strengthen DIAGNOS' profile in the financial community. We believe that Renmark will enhance the Company's visibility, thanks to its investor relations strategies and methodology," noted Mr. André Larente, President of DIAGNOS.

The service contract is for twelve (12) months for a monthly retainer of \$5,000.

About DIAGNOS

DIAGNOS inc. develops and markets data mining software. The Company designed, developed and markets MCubiX, a data mining software suite capable of extracting knowledge from historical data - in the form of images, text or traditional databases - and making predictions that improve business processes and decision making ability. CARDS (*Computer Aided Resource Detection Software*) can be applied to several sectors of prospecting, such as diamond, gold, zinc, copper and the oil and gas, and each one of these resources require a distinct methodology endorsed by the application. For further information, please visit our Website at www.diagnos.ca.

The Company's objective is to develop a royalty stream by significantly increasing the exploration success rate of mining and oil and gas companies around the world.
