MODIFICATIONS TO THE FILING OF THE LAST FINANCIAL STATEMENTS

Longueuil, Canada – October 31, 2003 – DIAGNOS Inc. ("**DIAGNOS**" or "**Company**") Diagnos, Inc. announces today that at the request of Commission des Valeurs Mobilières du Québec ("CVMQ", Quebec Securities Commission), the Corporation has made changes to its annual financial statements for the period ending March 31st, 2003 and its quarter ended June 30, 2003. These modifications have slightly allocate earnings statements, without impact on the consolidated statement of deficit, but add disclosure as requested by CVMQ. The CVMQ is.....

The following modifications have been made to the current consolidated financial statements:

- The auditors reservation mentioned in the June 17th, 2003 report has been removed and the Corporation has decided to describe the financial situation by the way of a note to financial statements with regard to the going concern assumption.
- The convertible debentures are presented separately in order to differentiate between the liability and the shareholder's equity component.
- Operating earnings is now shown separately from other income.
- The stock options are shown in order to reflect the cost and impact on a deficit pro forma way, and this, in order to respect the new accounts standards; and,
- Distribution of the continuable losses.

Also several other non materials corrections are made in order to conform to the new accountant standards.

The filings are available from the System for Electronic Document Analysis and Retrieval (SEDAR) web site: www.sedar.com. We have filed a copy of these annuals (March 31, 2003) and quarter (June 30, 2003) financials statements with the CVMQ.

The TSX venture exchange does not accept responsibility for the adequacy or accuracy of this release.
