DIAGNOS Announces Licensing Deal with Inb al Haythem Center in Algeria

Brossard, Quebec, Canada – May 4, 2014 - DIAGNOS Inc. (“DIAGNOS” or “the Corporation”) (TSX Venture: ADK), leader in healthcare technical services including screening, software and algorithm development, data analysis, and image processing, announces today a licensing deal with Inb al Haythem Center in Algeria.

Inb al Haythem Center provides contact lenses and ophthalmic surgery in Algiers, Algeria. DIAGNOS will be providing its proprietary telemedicine software, CARA, and automated retina image interpretation in order to help optimize the clinic’s existing retina screening services.

“Inb al Haythem Center offers a multitude of services related to ophthalmology and already owns all of the equipment required for retina screening. Recognizing the utility of CARA and the retinal analysis services DIAGNOS provides, the clinic has already committed to two years with the platform and automated grading. DIAGNOS will integrate CARA with the clinic’s existing infrastructure, providing a seamless transition,” said Dr. Hadi Chakor, DIAGNOS’ Algeria Country Manager.
