DIAGNOS Announces Closing of Second Tranche of Private Placement

Brossard, Quebec, Canada – September 1, 2015 - DIAGNOS inc. (“DIAGNOS” or “the Corporation”) (TSX Venture: ADK), a leader in the use of artificial intelligence and advanced knowledge-extraction techniques, announces that further to the closing of the private placement initially announced on July 30, 2015 for gross proceeds of \$2,290,000, the Corporation has received the outstanding proceeds of \$700,000.

The private placement is subject to final receipt of the TSX Venture Exchange approval.

All monies quoted in this press release shall be stated and paid in the lawful money of Canada.

About DIAGNOS

Founded in 1998, DIAGNOS is a publicly traded Canadian corporation with a mission to commercialize technologies combining contextual imaging and traditional data mining thereby improving decision making processes. DIAGNOS offers products, services, and solutions to clients in a variety of fields including healthcare and natural resources.

Neither the TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
